Somerset TA1 4DY

12th September 2024

Dear Ms Williamson

Re: Bowring Close, Coxley: Village Green Application Response Comments

Further to your letter dated 30th August, and the inclusion of the representations from the public regarding the application for Village Green Registration, please find below the Parish Council response to these comments.

The Council are delighted on behalf of local residents that there are no objections to the application for Village Green Registration. It has been the Parish Council's intent all along to act on the convincing, powerful, long-term and passionately held views of many residents of the locality that the two plots are valued, cherished community spaces, that no alternative exists locally and that both young and old have demonstrated clearly how much the spaces mean.

Further to the consultation, the Parish Council have no further comment, other than what they have already submitted to the Registration Authority's consideration. St Cuthbert (Out) Parish Council have approved this statement in Full Council and await the decision of the Registration Authority in due course.

Thank you for the prompt return of representations.

Yours sincerely

Lisa Pool

Lisa Pool
